NEW EUROPEAN BAUHAUS OF THE MOUNTAINS

The New European Bauhaus of the Mountains is a huge living lab that transforms the motto “Beautiful. Sustainable. Together.” into everyday’s living reality!

The New European Bauhaus of the Mountains is a **local network** started in South Tyrol in July 2021 patronized by the Province of Bozen, and supported by local partners, CasaClima Agency, EURAC Research, UNIBZ, Lungomare and Living Future Europe. It aims to co-create a **social-ecological transformation in mountain areas** by enabling a **creative collaboration** between thinkers and facilitators. It wants to shape our **future forms of coexistence** and develop **innovative solutions** for complex social problems in line with the EU Green Deal.

Our focus is the Alpine region South Tyrol, a mountainous area with a significant economic potential. It is in the heart of the European Strategy for the Alpine Macro Region and is part of one of the three European regions Tyrol, South Tyrol and Trentino.

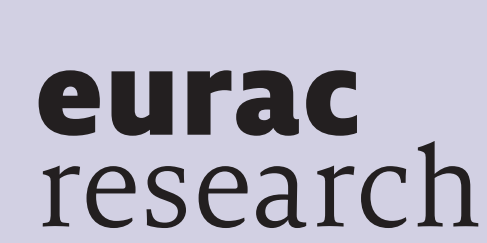

Who are we? We are you!

We are artists, activists, designers, architects, students, urbanists, rural developers, scientists, engineers, farmers, entrepreneurs, policy makers, and creative minds of all disciplines.

What do we do? We work in the intersection of various topics that include sustainability and affordable housing, valorization of sustainable and beautiful built environment, circular design and bio economy, democracy, creative industries and inclusive society, education and digital transformation for the common good.

A WINDOW ON THE NEB-MOUNTAINS

The **New European Bauhaus** is a creative and interdisciplinary initiative that calls on all of us to imagine and build together a sustainable and inclusive future, beautiful for our eyes, minds, and souls.

“**A Window on the NEB - Mountains**” is a widespread festival organized in Bolzano, but most of all is an opportunity to express your opinion and strengthen the idea of the New European Bauhaus in the mountain area at the forefront! Come and look through the ‘**window**’ - a symbol of openness to new ideas, thoughts and expressions. By using such strong symbol, the NEB of the mountains aims at guiding the community in the discovery of the city, starting from the positive actions, experiences and projects that already prosper in Bolzano.
