

INTERNATIONAL MOUNTAIN RESEARCH

The international cooperation with NGOs, public and private organisations and networks in the Alps and other European mountain regions is one of the main concerns of the Institute. The regional developers are members of various thematic working groups or commissions of the EUSALP, as well as the Alpine and Carpathian Conventions. An international exchange of their experience and the joint acquisition of research funds within the framework of the European research programs are promoted.

RICERCA INTERNAZIONALE SULLA MONTAGNA

Un aspetto centrale della ricerca dell'istituto è la cooperazione internazionale con le ONG, le organizzazioni nonché le reti pubbliche e private delle Alpi e di altre regioni montane. Coloro che si occupano di sviluppo regionale sono rappresentati in vari gruppi di lavoro tematici o commissioni dell'EUSALP, della Convenzione delle Alpi e dei Carpazi. Vengono promossi lo scambio internazionale di esperienze e l'acquisizione di fondi di ricerca nell'ambito dei programmi di ricerca europei.
